### Woodland Holiday Tree

The holiday tree in the City Center atrium was purchased by our Urban Forestry Commission and decorated with “tree cookies” from wood slices from branches from real trees. The ornaments were designed by students from Woodland Elementary School in Stow. Thank you to Kari Erdman, Jeff Napieralski, & Laura Root for coordinating this effort. Stop by and check it out! The tree is inspiring to see connections between our Urban Forestry Commission and the students at Woodland.

### Akron Children’s Hospital

For the second year, the City of Stow Urban Forestry Commission sponsored a tree at the Akron Children’s Hospital Holiday Tree Festival. This year’s tree theme was urban wildlife. This year’s tree raised \$600. Donors of the tree were:

- Barberton Tree Service
- Thrivent Financial
- Suncrest Gardens
- Lowes - Stow
- Laura Root
- City of Stow
